

NIESA

Is Participating in the State of Michigan's Smoke Alarm Campaign

NIESA personnel will do an "in home" assessment of your current smoke alarm, and carbon monoxide alarms.

If necessary, and with the homeowners permission, NIESA personnel will install updated smoke alarms within the residence.

If needed they will also install an updated carbon monoxide detector.

If you would like NIESA to do a home evaluation
Please contact the NIESA Office at:
Phone: (517) 655-3384

Or by email at:

niesa@niesa.org
