**Cortis SUP Application for Used Car Sales  
1099 E Grand River Rd.**

Chris Doozan reviewed the proposal with the Planning Commission. To schedule a public hearing

Rick Cortis addressed the Commission regarding his plans if the application is approved by the Township. These include the use of the large garage for detailing, an office on the south side of the building and the southern parking spaces along Grand River Rd. in the east parking lot. The owner of the site is currently in the process of moving the Go-minis off site. The SUP would allow for 12 cars on site. All repair work would be done locally off-site. Applicant researched the locations zoned properly for this use. This is the first step required for state licensing and approval.

Questions and discussion:

- Confirmation of use of garage, 12 parking spaces and office.
- Could serve as a broker for individuals selling cars.
- Purchases at dealer only auctions.
- State law states the warranty needs to be on the window.
- Feasibility of business.
