BUILDING PERMIT EXPIRATION

The BUILDING PERMIT will be valid for 180 days from the ISSUE DATE.

Upon request, the permit can be extended for an additional 180 days, provided an inspection has been done by the Township Building Inspector within the original 180 days.

If an inspection **has not** been done by the Township Building Inspector within the original 180 days, an extension is not guaranteed, but will be considered upon request & discussion with the Building Inspector.

If the permit is extended, work may continue. If the permit is **not** extended, it is considered EXPIRED and work **cannot** continue until a new permit is applied for and issued.

The NEW PERMIT FEE will be adjusted to reflect the value of the work remaining to complete original project.

An inspection **MUST** be done within the 180 day extension, or the permit will be **CANCELLED**.

If the APPLICANT wishes to **CANCEL** the permit, a written request must be made to the Township office. Only upon receipt of this request will a refund of the **remaining building permit fee** be given.

*NOTE: Many Homeowner Insurance Companies require proper inspections (building, electrical, etc.) to insure your home and to process your claims. It is to your benefit to have all inspections made.
